

Sketch NOW in a Coffee Shop (2024)

Full list of tools:

(You can find all these tools in my [Amazon list](#))

1. Sketchbook.

My personal favorite is the Stillman & Birn Alpha series in 10" x 7" Size

2. Pen

Any pen with non-water soluble ink is good.

If you have never tried a Fude fountain pen, I would recommend one for this workshop.

Sailor makes a nice one, as well as other manufacturers such as Hero and Duke.

****Please Note:** Most ink cartridges that come with fountain pens are not waterproof.

Please be sure to purchase a converter to fill it with a waterproof ink listed below.

3. Ink

Since we will be using watercolor on top of the lines, it is best to use a converter for the fountainpens and pick an ink that is waterproof.

Noodler's Lexington Gray works very well, and so does Platinum Carbon Ink.

4. Water brush.

1 brush will easily last you a couple of years! The Pentel Medium tip is a nice size.

5. Watercolor kit.

Any water kit is fine, but if you do not have one a nice intro kit can be purchased from Sakura Koi. I used the Koi for years, but then later have continued to use the outer case with colors removed with new colors added in from Holbein.

The 20 Holbein colors I use are:

1. Permanent Yellow
2. Cadmium Yellow Orange
3. Jaune Brilliant No.2
4. Rose Madder
5. Cadmium Red Deep
6. Mineral Violet
7. Yellow Ochre
8. Light Red
9. Burnt Umber
10. Sepia

11. Olive Green
12. Permanent Green No.1
13. Hooker's Green
14. Terre Verte
15. Shadow Green
16. Horizon Blue
17. Royal Blue
18. Prussian Blue
19. Payne's Grey
20. Lamp Black

6. Gray, Black and White pens:

Grays:

Tombow Brush pen:

N75

N65

N55

Black pen:

Kuretake Bimoji

White Gel pen

Sakura Gelly Roll 08

(Posca White)
